

FALLA PARK COMMUNITY PRIMARY SCHOOL

IMPACT OF PE AND SPORT'S GRANT ON PE AND ATTAINMENT 2015

Staff CPD

This year staff have observed and taught alongside a range of expert coaches and teachers. This has had an impact on the quality of PE being taught and the staff now have a greater confidence and improved subject knowledge. Staff CPD included:

- Key Stage 1 staff observed on outstanding teacher at another Gateshead school
- Key Stage 1 staff observed and taught alongside NUFC football coaches to develop their knowledge and skill of teaching football
- Staff and children in Reception and Year 1 enjoyed receiving weekly yoga lessons to develop their basic movement skills
- Year 5 and Year 6 observed and taught alongside the Newcastle Eagle coaches to develop their confidence and skill of teaching basketball

In addition, staff now use core tasks to assess children's performance, linked to the milestones, at the beginning and end of each PE unit. Furthermore, STEP (space, task, equipment and people) has been introduced to differentiate lessons to ensure that all children are challenged and successful.

PE Courses

Staff attended PE training to improve their skills further.

Two Key Stage 1 teachers attended Basic Moves Level 1 and 2, two teachers BUPA Start to Move.

Key Stage 2 teachers have attended a PE Ofsted Workshop, Physical Literacy Training, PE Conference, Matalan TOP Gymnastics and Creating Healthy Competition

As a result, staff have improved their skills and confidence and are now able to deliver high quality PE lessons.

After School Clubs

The school have introduced new, alternative sports including: a Key Stage 1 hula hoop and gymnastic club, as well as in Key Stage 2 fencing, archery, a girls' football club and basketball to try to encourage more children to get active. This year in Key Stage 1 43% and in Key Stage 2 55% of children have accessed after school sports clubs. All our clubs and activities are provided free of charge to the children and their families.

Cont'd

Increased Participation in Festivals and Competitions

This year, the school has focused on entering new festivals and competitions not previously accessed to encourage a greater percentage of children taking part in competitive events including ensuring those children with identified disabilities and additional needs have more opportunities to take part in sporting festivals, such as: Sportsability (Boccia), Year 3/4 mixed football and Year 5/6 Girls Football Festival.

As a result, the children have had more opportunities to access a broader curriculum and children with identified disabilities and additional needs have had more opportunities to take part in and enjoy sporting events.

In Key Stage 1, all children have participated in Local Authority and cluster sports festivals and competitions and in Key Stage 2 72% of children have participated in Local Authority and cluster sports festivals and competitions. The impact has been a notably higher achievement at a wider range of tournaments and events within our cluster and authority wide most notably the Year 5 children made it all the way to the Hoops 4 Health Basketball finals at Newcastle University. In addition, the PE yearly overview has been updated in line with the cluster and Gateshead sports competitions and festivals. The yearly overview has key skills (milestones) that each staff needs to focus their teaching of PE on. The impact of this is that children have had effective teaching of skills leading up to competitions so they have a better change of performing well.

Creative Curriculum - Health Lifestyles

This year, as part of the creative curriculum, the staff have taught a healthy lifestyles topic - Healthy Heart, Safety Smart - to teach and raise children's awareness of how to lead a healthy lifestyle. As part of this, children got to participate in new, alternative sports including fencing and archery. This is now part of the creative curriculum yearly overview. In addition, a healthy school tuck shop is run weekly to encourage children to make healthier choices and develop their understanding of what constitutes a healthy lifestyle. As a result, children have a greater understanding of the benefits of a healthy lifestyle.

Active Ambassadors and PE Champion Governors

The PE Subject Leader has met regularly with PE champion governors - Shirley McConnell (Key Stage 2) and Michelle Storey (Key Stage 1) - and active ambassadors to discuss festivals and competitions to enter 2014-2015, pick a new football kit and ideas for after school clubs. They will once again meet in the summer term to discuss next steps and how PE can move forward. Governors also monitored PE lessons across the school. As a result, the Governors have a good understanding of the provision for PE across the school.

Using the Sports Funding- The school was allocated £8,500 sports funding. This has been used to fund the following:

1.	Platinum SLA	£1,000.00
2.	Staff CPD - NUFC coaches	£ 975.00
3.	Transport	£ 540.00
4.	PEAK - PE Apprentice	£4,950.00
5.	New PE equipment	£ 796.00
6.	Playground Equipment	£ 262.00
7.	Sports Clubs	£3,700.00

We have part funded these initiatives using school budget as we believe that this is a very important area of children's overall education.
